Areas of concern with Norwich Township. Please rate each (check one per row)

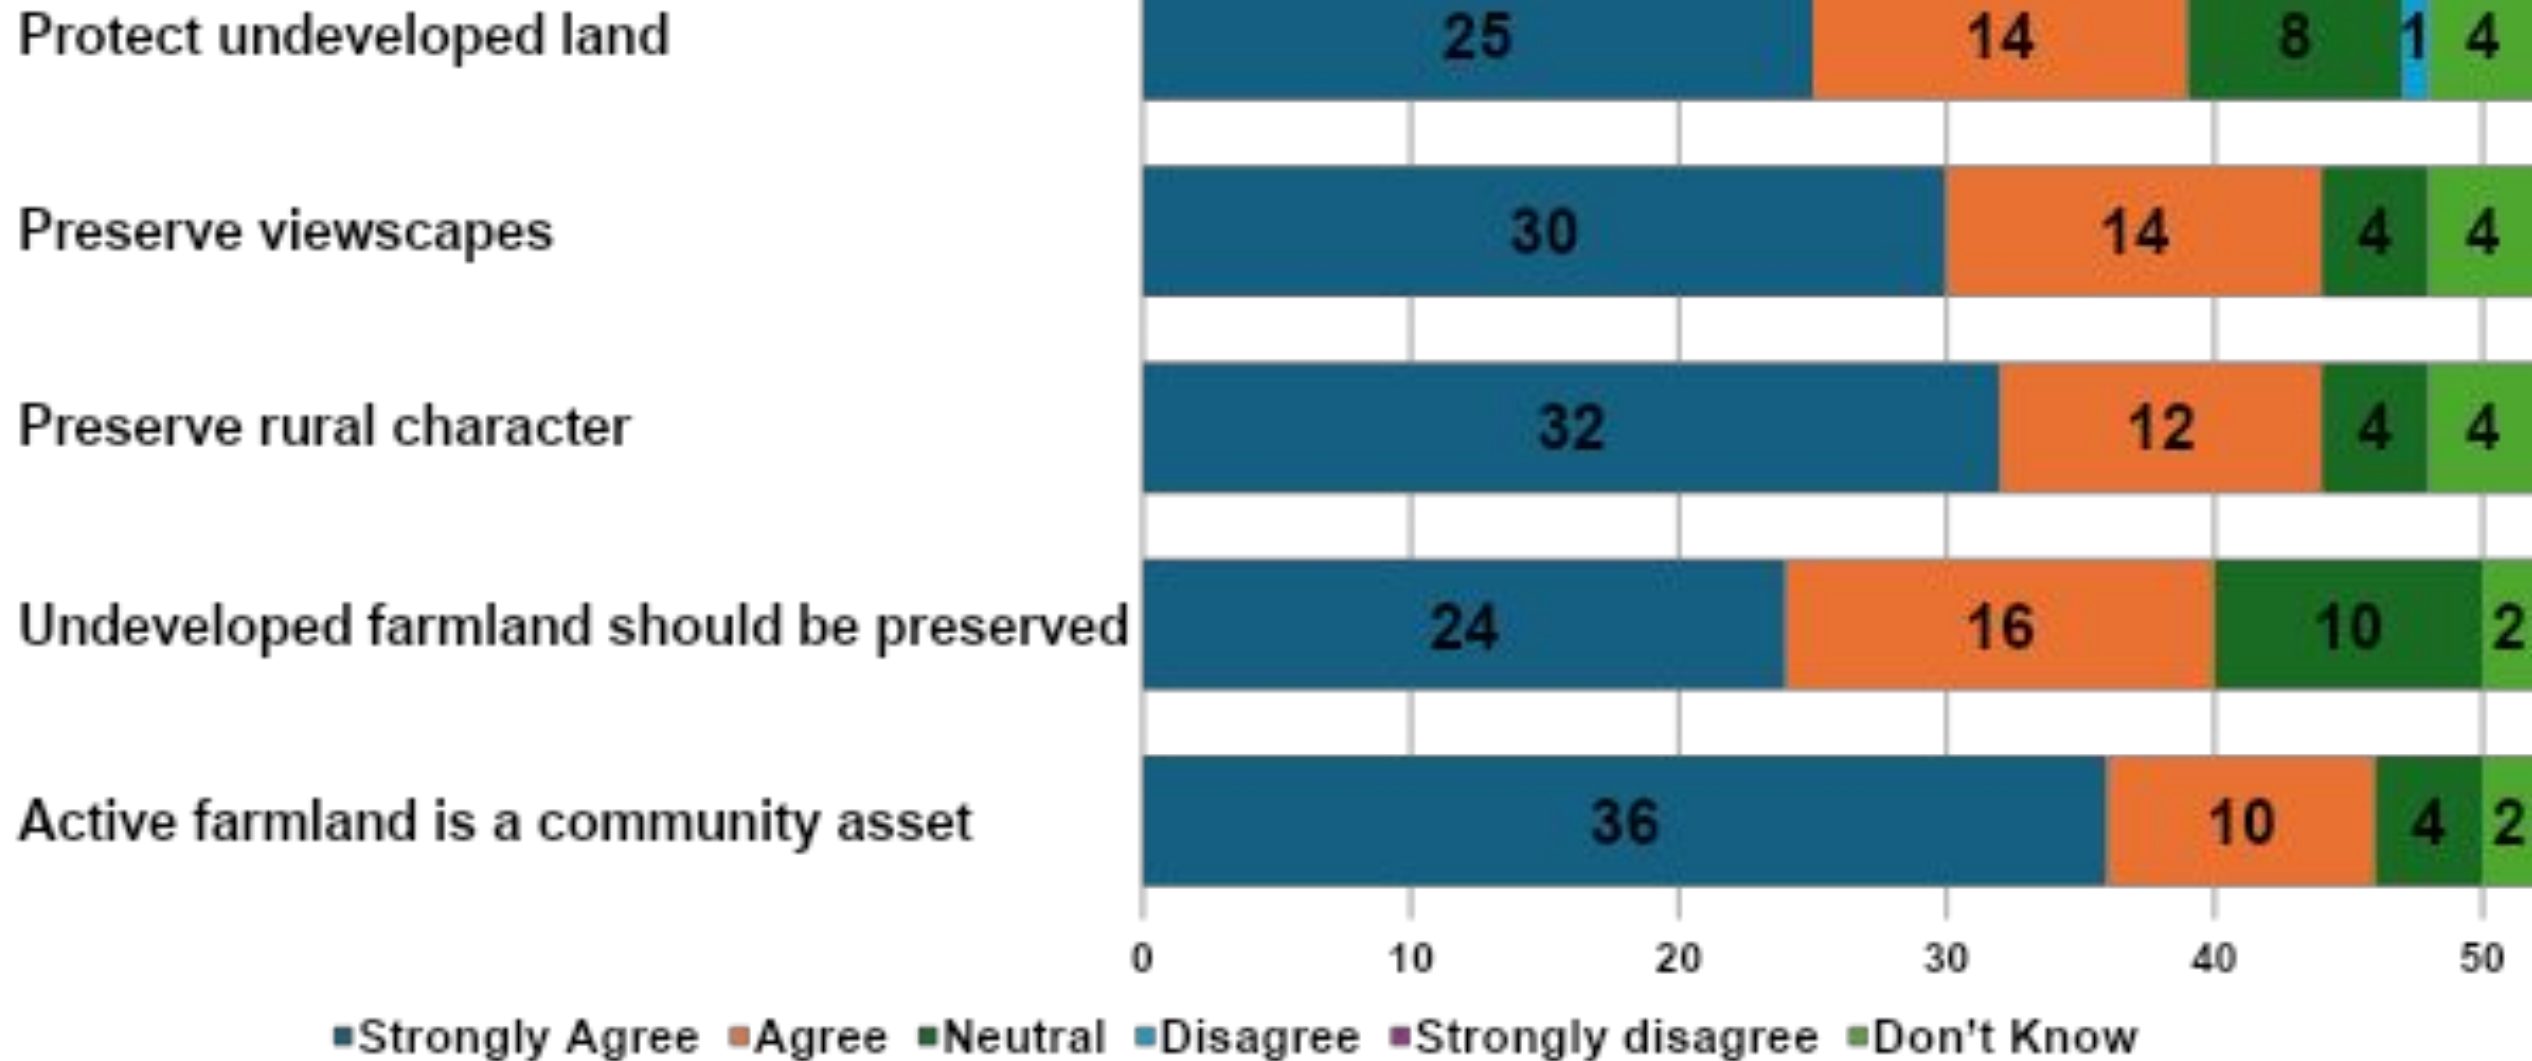

Would you encourage or discourage the following land uses in Norwich Township

Overall how would you describe the quality of life in Norwich Township?

How do you feel about the land use and environment in Norwich Township

Additional comments:

- I'm not sure why a comment is required, but I'll play along. I would have given an "excellent" mark on several things, if I were only thinking of my opinion. **I don't think it's an "excellent" place to raise kids, only because they have to go into town for sports. Retirees might have problems with snow removal on properties.** Recreation is good if you like to ride horses, snowmobiles or 4 wheelers. Like nearly everywhere, there are some places that don't look perfect, and that's all right with me.
- **There are multiple houses with trash and inoperable vehicles throughout the town that need to be cleaned up and cleared.**
- Natural gas supply options would be amazing
- **I would like to see more offered at the Township Hall for our community. More road maintenance.** The cemetery has looked way better last year and this year. We need to take pride in our cemetery. **There needs to be enforcement of cemetery rules.**
- Norwich Township has been our home for over 40 years, and we love it here! **Our only real concern is the rumors we have been hearing about the Broken Wheel Ranch expanding/building a resort area. We have already had problems with guests from there coming onto our property, and have had a trail camera stolen as well. Besides the trespassing, we want our land/woods/area to be preserved and stay like it is, not be commercialized.**
- **Property tax is extreme. Know it's more a state issue. Need to set state to lower property tax. Same thing is kentucky would be 1/3 the cost.**
- Up here off of 12 mile rd. We're at the tail end of the Trustream installation
- **Should be a freeze on property taxes. There should be no more tax increases. When does it end when you tax us to death? Pay increases should only come when we vote on it. You don't have the right to give yourself pay raises.**
- We have a great township. **A little cleaning up of properties would really be helpful.**
- **Tax getting too high for retiring**

Additional comments:

- Thank you for opportunity to give input.
- I love living here.
- It is a wonderful place to live with lots of great people. We are very thankful for Norwich Township and the people that make it work.
- Thank you for all that you do!
- Thank you
- We appreciate the work of the Board and volunteers. Thanks.
- People in Norwich township live here because they cherish the rural environment. Please don't change it. We appreciate that the Norwich Township board is reaching out to the citizens for their opinions. Thank you!
- Love living in Norwich Township!
- Our quality of life in Norwich Township is second to none! I do not want to live in commercially impacted neighborhoods (No Gotion!). Love the rural living! :)
- Great place to live, sorry to see us not support Big Rapids Library! Looks like we are getting gentrified with high end homes, now that we have Trustream! National Forest a plus for recreation.
- Ambulance people were great. Did take 1/2 hour from call. 911 call after talking to person for 20 min she said I had to hang up and call back. She had to transfer my call so I had to call again. I was not in condition to call again!! :(I did manage to call back.
- This community is fine the way it is. Generally safe, quiet, and peaceful with people who generally care about each other and their neighborhood. No large commercial wind or solar farms!
